• Surfing online about new things.

Summary

I am currently pursuing a B. Tech in Computer Science at Parul University, with a strong foundation in programming languages like Python. Eager to gain practical experience through an internship, I am committed to applying my skills in a real-world setting while continuously expanding my knowledge in technology. Outside of my studies, I have a deep passion for traveling, which allows me to experience diverse cultures and expand my worldview.

Skills

- Basic programming knowledge in python.
- Enthusiastic learner with a strong interest in software development

2019

10th | GSEB | Percentage: 57/100
Bright School, Vadodara, Gujarat

Project

RoomRover: Hotel Service Management App

RoomRover is a mobile and web application designed to replace traditional manual hotel management systems. It streamlines operations by enabling guests to request services, order amenities, and communicate with staff in real time. For hotels, it provides a centralized dashboard to manage requests efficiently, ensuring personalized service and enhanced operational accuracy. RoomRover integrates seamlessly with existing systems, offering a modern, tech-driven solution for the hospitality industry.
